

Praise

Our first **worship service in Melle** on the 18th of July was great! Even though no non-churched guests came, we had a nice service and grilled together afterwards. A few families said they were interested in church planting and want to be informed of further activities. On August 1st we had a church planting **information meeting** which other people who are interested in joining the group attended.

We are very thankful for our financial prospects! The FeG Bünde will give Rene a **part-time position (50%) for church planting starting in Melle starting Oct. 11th**! We were definitely not expecting this and are even more joyful to see their courage and the priorities that this 2.5 month old church is setting! God will certainly provide for the rest, then He promised it in Matt. 6:33 and we have experienced this over and over through unexpected donations.

Prayer

In September we are planning to form a start team which will work together with us on the plant here in Melle. Rene hopes and is praying for a team of 20 (right now we are less than 10)!

Please pray for the contacts we have to non-Christians. We would like to get to know more people and naturally and openly tell others about the Lord.
