

## Praise

Our „Lego-Days“ were a complete success. We had many happy children and parents, got great PR and a well attended closing event. In the next couple of weeks René would like to visit the kids and their families to give them a DVD with pictures, videos and the news clip about our project that a local TV station aired. Pray for great conversations and new contacts.

The volunteer in our church would like to stay for another six months. While talking about his plans, we realized that our financial situation in the church plant is a lot tighter than we thought. We were planning to have a deficit of 14,500 Euros this year. By the end of July, we had already used 12,600 of it... We informed our members and friends and had – praise God – some extra pledges. Even though the deficit is not met, **we will keep the volunteer** and trust, that God will cover the rest...

## Prayer

Pray for **our finances as church plants**, as the total giving of our members and friends is not growing as fast as we anticipated.

We also need to think about reducing René’s part time job in the church plant in Melle. **May God open other opportunities to serve and to earn money.**

## Personal

On Sunday, August 7th, Melissa gave birth to **our son Devin Tobias**. (20 Inches – 7.9 lbs). He does really well nursing and is very content. Liam and Joel love him very much. They just wonder why he always starts to cry as soon as they “kiss” him...

Liam had his first week in kindergarden (preschool) – and liked it very well. The peace and quiet helped us adjust to our new family situation.
